

Recreate the images shown in the image below using the Shapes tools. The shapes you create need to be the same size as the ones shown below. You will then take the shapes that you have created and arrange them in the 5x5 boxes below, according to the instructions above each box. You cannot alter the size of the shapes given or add any shapes not given below to your arrangements. You must use all of the shapes below in each arrangement.

after you have arranged the shapes, create a clipping mask for each arrangement and place in the indesign file attached to the assignment on Brainhoney. Save both your illustrator and indesign document and submit them on brainhoney.
